### Patient Waiver

NAME (PRINT) \_\_\_\_\_

All patients are responsible for providing a current (written within 6 months) referral or prescription from an authorized referring provider before their massage appointment. If your car insurance company and/or LNI denies payment because they have no current referral/prescription on file, the patient (you) are responsible for the charges in full to Advanced Medical Massage.

Initial Here

All claims and MVA/LNI insurance benefits must be massage treatment approved and billable. LNI and MVA claims must be opened and approved for treatment. Advanced Medical Massage's billing department periodically checks with the insurance for any billing discrepancies. However, our information is more limited than what you, the patient, can obtain. Therefore, It is strongly encouraged that you also check in periodically for more accurate information. And for MVA patients, only you are allowed to know the exact balance remaining on your Personal Injury Protection benefits. You may be responsible for services rendered if the claim closes or funds are exhausted.

Initial Here

\*Please note - if your auto or work injury insurance rejects a claim, we do not bill health insurance in an attempt to cover any claims.

Please ask the front desk if you have any questions.

I have read the above and been informed that I may be responsible for the payment in full for today's appointment.
